Monday, 16th April 2018
6:30pm - 8pm

Supper will be provided. **RSVP 1300 267 726**

Breast Implant Associated Anaplastic Large Cell Lymphoma (BIA-ALCL) is a relative new condition being detected in women who have had breast implant surgery whether for cosmetic breast augmentation or following breast cancer surgery.

Dr Rohit Kumar is a specialist plastic surgeon with an interest in breast and body surgery.

Join us to hear Dr Kumar discuss this condition and how it may affect your patients. Symptoms and signs as well as the latest detection and investigation options and current treatment options will be discussed.

Dr Kumar is widely regarded as a dynamic and engaging speaker and this evening promises to be highly informative with ample time allocated to answer questions.

A certificate of attendance will be provided for CME purposes.

Please RSVP your attendance on 1300 267 726 for catering
