

## Hernias, Gallbladders and Weight loss

Presented by Dr Sulman Ahmed - General and Hepatobiliary surgeon

**Speaker:**

Dr. Sulman Ahmed is a General and Hepatobiliary surgeon who has worked in the Nepean region since 2009. Sulman’s general surgical interests include gastroscopy, colonoscopy & ERCP. Sulman also performs a range of laparoscopic surgery including inguinal hernia surgery, gallbladder surgery, fundoplication and adrenal surgery. Other surgical interests include umbilical/ventral hernia repairs, circumcisions, ingrown toe nail surgery, plus lumps & bumps. Sulman has a special interest in Liver Cancer, and this forms his major subspecialty practice.

**Learning Outcomes/Topics:**

- Have an understanding about current treatment and recovery of inguinal and ventral hernias
- Discuss reasons for gallbladder removal surgery including gallstones, polyps, gallbladder dysfunction and cancer
- Describe the types of Weight Loss surgery currently available in our region
