

Assessing 'Fitness to Drive' in older people

SESSION

12.30pm Register & light lunch
1pm - 2pm Presentation

While many factors contribute to safety on the road, driver health and fitness is an important consideration. Drivers must meet certain medical standards to ensure their health status does not unduly increase their crash risk.

Topics include:

- Driving assessments and criteria for patients over 75yrs old
- Special examinations and tests for assessing fitness to drive
- Resources and downloads for assessing fitness to drive - where to find?
- HealthPathways - discussion and ideas around Falls Clinical Working Group held last May
