

3rd April Friday Lunch CPD

Continuing Professional
Development for GPs

Management of High Risk Obstetrics Patients

Presented by: Dr Steven Joung

Staff Specialist Obstetrician, Head of Maternal Foetal Medicine, Nepean Hospital

Speaker: Dr Steven Joung

Dr. Steven Joung graduated from University of Otago in 2002. He did his obstetric and gynaecology training at Westmead and Nepean hospitals between 2007 and 2013 and then completed further subspecialty training in maternal foetal medicine. His current position is as Head of Maternal Foetal Medicine Unit at Nepean Hospital. His interest includes management of high risk obstetric patients, and optimising the maternal transfer system in Nepean, Blue Mountains and Western NSW LHDs.

Learning Outcomes/Topics:

- Describe the management of Intrauterine Growth Restriction (IUGR) and interpretation of obstetric ultrasound finding in GP setting .
- Examine the management protocol for Antenatal Pre-eclampsia .
- Examine the management of Gestational Diabetes.
- Examine the management of Postpartum Hypertension.
